 Introduction on the Msgr. Toomey Annex Project  
 .....Tom Mladenetz

This year, the CYO is launching our Capital Campaign for the Monsignor Toomey Annex at the Yardville Branch. We are breaking ground this fall on a 4,600 square foot addition to the main building of the Yardville childcare site and camp in Hamilton Twp. The Monsignor Leonard R. Toomey Annex will be named for our founder and first director of the CYO. It will add critically needed indoor space to the site that currently serves more than 850 children annually. Originally built in 1958 and used as the main indoor structure for CYO Yardville's summer day camp, the building was expanded and renovated in 2002 to serve the growing camp. In 2004 classrooms were constructed in the building and the CYO became a year round licensed childcare center, initiating a pre-school and school age after school program at the site in addition to the popular summer day camp. CYO Yardville currently serves children, ages 3 - 15 years in preschool, after school, summer day camp, teen travel camp, swim lessons and peewee sports programs including T-ball, soccer and basketball.
