YARDVILLE CAMP POOL
MAJOR RENOVATION PROJECT

The CYO Pool was built in 1958. It is a very large pool with depth ranging from 1.5 to 9 feet, containing about 225,000 gallons of water! It is heavily used by 400 children in the CYO Day Camp, 160 youth enrolled in our American Red Cross sanctioned evening swim lessons and over 1,000 people who enjoy the pool at family events on weekends each Summer.

Although the CYO has maintained this 68 year facility very well, it is time for a major renovation to fully meet the requirements of the NJ swimming pool code. The approximate cost of this project will be close to $1 million dollars. The CYO will be pursuing grants to help pay for this project, but we are also seeking support from the community to assist us. We have had probably over 100,000 youngsters enjoy this facility over the past seven decades and by completing this major upgrade, we hope the CYO pool will continue to serve the community for another 70 years!

The form below offers various options for your consideration. Thanks for supporting the CYO and the children we serve!
